SPRING, 1955

ROCKNOLL NURSERY

MORROW, OHIO

HARDY PERENNIAL FLOWERS

We wish to thank our many customers for their great interest in our hardy perennial department. Again this spring our stock of plants is larger and more complete than for several years. The plants we will send you are all well started transplanted two and three year old plants, or are rarer varieties that are grown in pots to assure their transplanting perfectly.

ROCKNOLL GIANT LONG SPURRED COLUMBINE

50c Each 3 for \$1.39 \$4.00 doz.

This is a superb strain of giant flowered varieties in every imaginable shade and color blend to be found in columbine. The stems are all long and graceful and the flowers abundantly produced on the stems. We find the best columbines to transplant are one year old field grown plants, as these still have the vigor of their first full flowering period just ahead of them.

HUMIDIFIED PACKED ROSES

To assure a minimum of water loss, the roots of Rocknoll's roses are covered with a damp packing material and tightly rolled in moisture proof paper. The tops and the neck of the root covering package are then sealed by dipping in a special non-burning wax. This process assures the plants being viable and sure to grow.
